SUMMARY

Full Stack Developer leveraging skills from a background in design and carpentry to build user-friendly and visually appealing applications. Proven ability to oversee projects from concept to completion, solve problems creatively and work within a team to achieve a defined goal. Committed to lifelong learning.

TECHNICAL SKILLS

Proficient in HTML, CSS, JavaScript, jQuery, Node.js, MongoDB, MySQL, ReactJS. Experienced with additional frameworks and libraries including Bootstrap, Bulma, and Handlebars.js

PROJECTS

Beer Hiker | github.com/matthewemichael/BeerHiker | https://beerhiker.herokuapp.com/
- MERN stack app for users to search for, map, and save breweries within the US
- Login and authentication with Passport.js and JSON Web Tokens
- API calls utilized to get brewery data and display them on an integrated map

Clicky Game | github.com/matthewemichael/clicky-game | friendly-haibt-cc734f.netlify.com
- Fun memory game that renders images to the page and listens for click events
- Users try to click on each image only once as they are shuffled between clicks
- Built with React.js

EXPERIENCE

Set Dresser / Carpenter   2011 – 2020
Film Production Freelance   Nashville, TN
Worked on a team in a fast paced environment to build the visual elements that brought the production designers' visions to life. Also worked on-set in high pressure situations that required problems to be solved quickly and creatively. Member of the International Alliance of Theatrical Stage Employees Local 492
Key Accomplishments:
- Quickly ascended ranks from assistant to Art Lead where I was responsible for managing a crew, sourcing props and ensuring tasks were completed on time.

EDUCATION

Bootcamp Certificate: Vanderbilt University, Nashville, TN - January 2020
A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Firebase, Node Js, MySQL, MongoDB, Express, Handelbars.js & ReactJS.
